TUITION WAIVER APPLICATION

III. Personal Essay

On this page, please describe your goals and objectives, and time frame for meeting these goals. Describe how you plan to apply your education after you receive your degree. Describe any financial obstacles you would like us to consider in our decision process. The essay is very important. A subjective review of your essay is a significant part of your evaluation.

IV. Guidelines for Letter of Recommendation (Recommendations by a relative or anyone in the department within the degree you are seeking will not be considered.)

Letters of recommendation should include the length of time and context in which you know the person, knowledge of the person's ability to perform various duties, to complete assignments in a timely manner and to meet added challenges. Also include personal observations you have made of the person with regards to community involvement and/or volunteer efforts.

Additional significant and positive information you may provide about the student will be looked upon favorably by the scholarship committee and could result in the awarding of additional points consistent with our system of scoring.
